

**UZBEKNEFTEGAZ**

01/21-10/1-213

14.10.2024

**Dear ladies and gentlemen,**

On behalf of the Uzbekneftegaz Joint Stock Company, I have the honor to invite you to take part in the International Energy Week of Uzbekistan, which will take place from May 13 to 15, 2025.

In the context of the ongoing global energy transition, hydrocarbon resources continue to play a key role in ensuring the sustainability of industrial production and society. This necessitates the improvement of exploration and production technologies while minimizing environmental impact. In this direction, the Republic of Uzbekistan is implementing large-scale programs for modernization and diversification of the oil and gas industry.

The topic "Ensuring a safe energy transition" covered at Energy Week 2024, aroused a wide response and attention from representatives of the international energy and oil and gas community, which served as the basis for the further development of this forum. The high level of the event is achieved through the integration of conferences and exhibitions, which helps attract leading experts and industry professionals.

Preparations for International Energy Week 2025 are being carried out in partnership with Iteca Exhibitions, which will further expand the scope of the event and take it to a new level, providing a platform for discussing key trends and challenges in the industry.

I am confident that your company's participation will be a significant contribution in the successful holding of this event and will provide assistance in solving current issues in the energy sector.

**With best wishes,**

**Chairman of the Board**

**B. Sidiqov**
