2024-yil 5-iyul

№ 48

Dear ladies and gentlemen!

On behalf of the Ministry of Transport of the Republic of Uzbekistan and on my own behalf, allow me to welcome the participants of the 20th Anniversary International Exhibition ‘Transport and Logistics - TransLogistica Uzbekistan 2024’.

Without exaggeration, the transport industry is the most important artery of the world economy, linking producers and suppliers with the end consumer and ensuring the supply of raw materials and finished products. In the changing geo-economic realities, the development of transport and logistics chains is of prevailing importance.

Uzbekistan, located at the crossroads of north-south and west-east routes, is successfully developing its transport industry and cooperating with foreign partners, both in a regional and wider context. New transport corridors and supply routes are being sought and developed, and the logistics component is being optimised.

TransLogistica Uzbekistan is the largest international transport exhibition in Uzbekistan, reflecting the trends of industry development, introducing modern technologies, and presenting the whole range of services and equipment in the transport and logistics sector.

I am confident that participation in the exhibition will contribute to the further development of your business, the establishment of business contacts and partnerships, and the achievement of favourable agreements.

I wish all exhibitors successful and fruitful work.

Minister

Mahkamov I.R.
