

Dear ladies and gentlemen,

On behalf of the State Enterprise Republican Specialized Scientific and Practical Dermatovenereology and Cosmetology Medical Centre and on my own behalf, I would like to welcome the participants and guests of **BeautyDerma Central Asia 2025, Specialized International Exhibition of Aesthetic Medicine.**

Over the recent years, the healthcare sector of Uzbekistan has undergone a fundamental transformation, new clinics and hospitals are opened, the latest technologies and equipment are implemented and widely used.

With the growth of living standards, the cosmetic medicine services are becoming increasingly in demand. Currently, they are in a state of dynamic development, the same as the health sector as a whole.

Being the head of an institution with such a specific medical focus, I would like to stress the importance of this exhibition for professionals, who will be able to get familiar with the modern developments in this area.

I am confident that participation in the exhibition will have a positive impact on the development of your business, its further promotion and strengthening at the promising market of Uzbekistan.

I wish all participants and guests of the exhibition successful work.

**U. Sabirov,
Director**
