CHAMBER OF COMMERCE AND INDUSTRY OF UZBEKISTAN

ТОРГОВО-ПРОМЫШЛЕННАЯ ПАЛАТА УЗБЕКИСТАНА

Dear participants and guests of the exhibitions,

On behalf of the Chamber of Commerce and Industry of Uzbekistan, I am pleased to extend my greetings to the participants and visitors of the events organised by **Iteca Exhibitions** in partnership with **ICA Eurasia Group** and **Congresses of Central Asia (CCA)**.

The leadership of Uzbekistan is undertaking large-scale reforms to ensure the dynamic development of all sectors and to support business entities. The particular emphasis is placed not only on major industries, but also on providing comprehensive support for small and medium enterprises.

The Chamber of Commerce and Industry plays an important role in creating enabling conditions for entrepreneurship, improving business environment, and facilitating partnerships between local companies and foreign counterparts.

In this regard, the exhibitions organised by **Iteca Exhibitions** and its partners are of great significance. They contribute to the development of production, implementation of modern technologies, innovation and digital solutions, upgrading equipment, and energy efficiency.

Participation in these exhibitions enables the local companies to demonstrate their export potential and to expand their trade, economic and investment cooperation along with improved access to the international markets.

I would like to express my confidence that these exhibitions and conferences will further strengthen the international collaboration across all sectors.

I wish all participants and guests every success in developing their business activities.

Chairman

D.Vakhobov
