

Dear exhibitors and visitors,

I am pleased to welcome all participants and guests of the exhibitions and conferences organised by Iteca Exhibitions in partnership with ICA Eurasia Group and Congresses of Central Asia - CCA.

The vision of a New Uzbekistan for the development of the state, economy and society is clearly reflected in the transformation taking place in the city of Tashkent, which is not only the capital, but also the country's key business and economic hub. The large-scale construction, launch of new industries and creation of jobs, as well as development of an entire new city - New Tashkent - all point to the significant change and growth.

In this context, the exhibitions organised by Iteca Exhibitions and its partners play an important role in drawing the attention of the international business community, banking sector, potential partners and investors to the opportunities offered by our metropolis.

I am confident that these events will help strengthening the existing and establish new business links, support the development of business tourism, and enable domestic enterprises to access international markets.

I wish all participants and guests a successful and productive event!

B. Khaydarov,

**First Deputy Khokim
of Tashkent City**
