German National Pavilion organised with the support of **VDMA**

Extensive Business Programme featuring:
B2G meetings between exhibitors and government representatives

155 **B2B**-meetings hosted through the **TextileExpo Uzbekistan Sourcing Hub**

EXHIBITORS' TESTIMONIALS

Picanol N.V

«Over 15 years of participation, the exhibition has generated substantial profits for us in Uzbekistan and beyond. We return year after year because CAITME brings so many customers together in one place and offers considerable business potential: Uzbekistan has the raw materials to manufacture finished products with greater added value. We are 100% convinced that Uzbekistan is very well placed to compete in the global market, it has its own raw materials, relatively low energy costs and a large skilled workforce.»

Mr.Tony Decock,
Weaving Machinery Sales Manager

Rieter AG

«Rierter has been operating in the Uzbekistan's market for 25 years already. CAITME exhibition is also so important textile machinery exhibition for us. Riieter has attended this exhibition since very beginning,. Nowadays market is not so picking up. Despite of this Rieter together with its local partner, our agent Art Textile every year attends this exhibition as we would like to be in this market, and Uzbekistan is a very important country for us. This region is so important for cotton processing, for raw materials, spinning and for all types of textiles businesses. That is why we are here to show our novelties, our new machines and meet the customers.».

Mr.Serkan Yilmaz,
Sales Manager
