MINISTRY
OF ENERGY
OF THE REPUBLIC
OF UZBEKISTAN

Organisers:

OGU is an international platform for investment, technology and strategic partnerships in the regional energy sector.

OGU is the leading platform for the regional energy market, bringing together government authorities, international energy companies and investment community.

Against the backdrop of the global energy transition, OGU serves as a forum for dialogue between the conventional hydrocarbons sector and emerging areas of development, including digitalisation, energy efficiency, decarbonisation and innovation.

Exhibition Sections:

● UPSTREAM

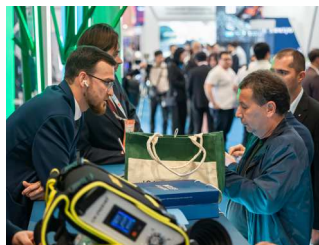

Exploration and production, drilling and oilfield services, and technologies to improve production efficiency.

● MIDSTREAM

Hydrocarbon transportation and export, transmission gas pipelines, compressor stations, and oil and gas storage systems.

● DOWNSTREAM

Oil and gas processing, including refineries and UzGTL, gas and petrochemicals, polymers, petroleum product distribution, digitalisation and industrial automation, ESG and energy-efficient solutions.

OGU 2026 Facts and Figures:

- **13,500** m² Exhibition Space
- **658** Companies and Brands
- **17,925** Visitors
- **37** Participating Countries:
