Securex Uzbekistan is the largest international exhibition of technical security equipment, fire protection and integrated security systems in Uzbekistan and one of the key events in Central Asia.

The event is a central industry platform showcasing the latest security technologies, from intelligent surveillance systems to solutions for protecting industrial and strategically important facilities.

The exhibition traditionally brings together representatives of government agencies, law enforcement agencies, industrial enterprises, development organizations, IT companies, businesses and specialists from the non-governmental security sector.

Securex Uzbekistan serves as an important space for professional dialogue, exchange of experience and discussion of strategic directions for the development of the industry.

Established: 2005

Status: International

The HIKVISION logo consists of the word "HIK" in a bold, red, sans-serif font, followed by "VISION" in a bold, grey, sans-serif font. A registered trademark symbol (®) is located at the top right of the word "VISION".

NUMBER OF CONCLUDED CONTRACTS

KJ Tech

The exhibition in Tashkent is very impressive. We came from Korea to find partners in the security sector. Two days have already passed since the opening of the exhibition, and we are very pleased to have met many clients from Central Asia. We hope to return to Uzbekistan next year.

**JJ Kim,
Smart SI Sales
Team Director**

Hikvision

We have been participating in exhibitions for several years in a row because here we achieve the expected results. Our main goal is to promote our brand to a wide audience, and I believe that Securex Uzbekistan is the best place for this. We plan to participate every year. See you next year!

**Sukhrob Isokov,
Project Manager**

EAS

This is not our first year at the exhibition. Built on last year's results, we have significantly expanded our presence, engaged all sponsors and partners, and, as you can see, everything went at the highest level thanks to the organisers. Next year, we plan to broaden our participation in the exhibition even further.

**Javokhir Mukhamedjanov,
Chief Marketing Officer**

Regula

Year by year, the organization of the exhibition gets better, creating all the conditions for us to come here more often. That's why we are happy to participate this year and will definitely come next year. Firstly, the market is large, and secondly, it is rapidly developing — making our participation especially valuable for us.

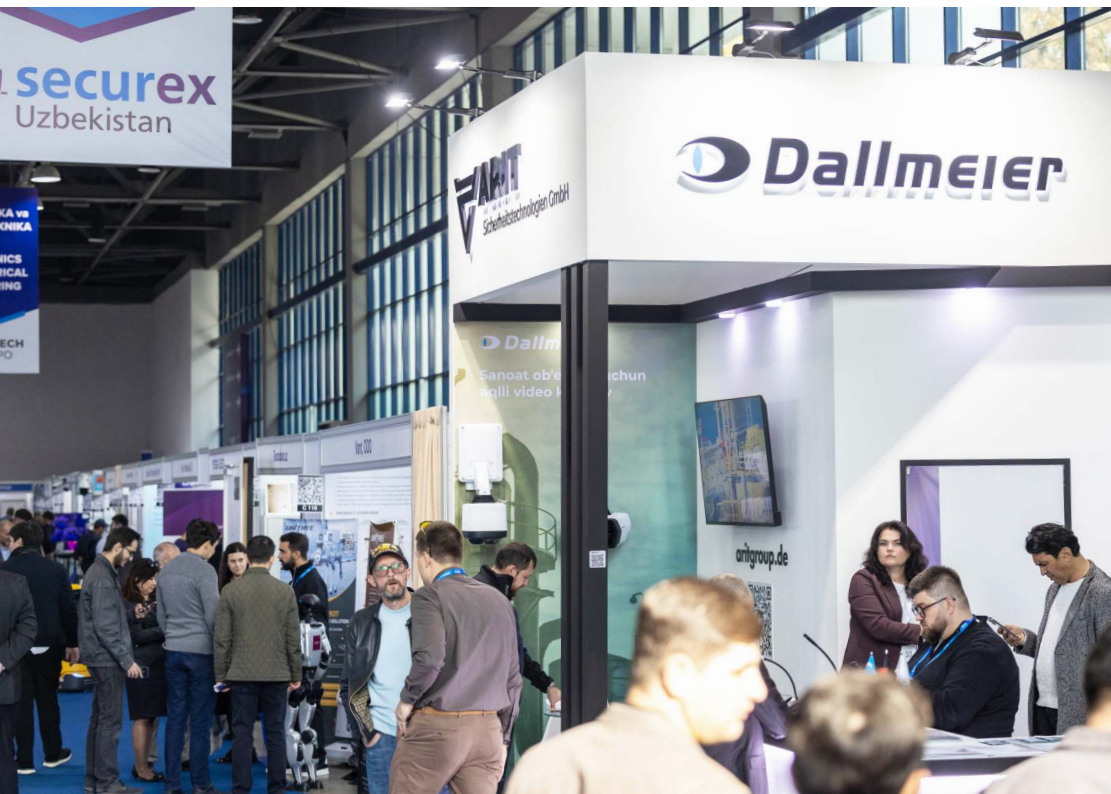

**Yuriy Skvorchevskiy,
Head of Marketing
Department**

Gefest Group of Companies

Tashkent, as one of the key points of the Silk Road, is a strategic hub for presenting our products. This marks our second consecutive year of participation, and we are seeing tangible results, including strong engagement from representatives across Central Asia. We extend our gratitude to the organisers and look forward to participating again next year.
