Uzbekistan: A Strategic Hub of Central Asia at Silk Road Intersection

Today, New Uzbekistan is rapidly emerging as a key tourism and transport-logistics hub in the region — a transformation clearly reflected in the numbers:

- Uzbekistan has entered the **top 7 countries worldwide** for inbound tourism growth
- Tourist traffic exceeded **11 million foreign visitors** in 2025
- Citizens of **more than 90 countries** benefit from simplified or visa-free regime
- The number of accommodation facilities has **more than doubled**
- The industry continues to expand at a **robust annual growth rate of 15–20%**

Driven by sweeping reforms and significant infrastructure development, **Uzbekistan is fast becoming a compelling destination for international tourism businesses and investors alike.**
